FRANKFORT, KY., OCTOBER 24, 1885.

Number 6.

There will be a temperance meeting at the Court House to-night. Every body invited.

There will be preaching in the church at Leestown Monday, Tuesday, Wednesday and Thursday nights of next week. All are invited to attend.

The Board of Shaking Fund Commissioners of the city of Frankfort have redeemed thirteen thousand dollars of the city school bonds, leaving outstanding of these bonds to date ten thousand dollars.

The city has sold to Mr. Michael Sullivan fifteen feet more of the market house property, at thirty dollars per front foot on Market street. They have also agreed to sell to Mr. C. C. Jennings at the same price twelve or fifteen feet of same property. This latter sale when completed will leave the city owning about 42 feet near the centre of the lot, which they have offered to Maj. Bloom, of Lagrange, at the same figure.

The hose of the city fire department cannot be attached to the fire plugs put up by the Frankfort Water Company for the reason that the connection is not the same size as the hose. The Company have proposed to furnish the city four additional butts, to be used in the attachment, which the Water and Fire Committee of the City Council have under consideration. Whether this will meet the case the Committee will inquire.

LATEST NEWS.

Mrs. Harris has just returned from the east where she has selected a very large line of French millinery in all the latest novelties, and I am ready to take orders. I have employed extra help in order to make up for lost time. I have also purchased an elegant line of fancy dry goods and notions. You will find all the latest novelties which could be bought in New York city at my establishment. Examine my stock before purchasing, as my prices will satisfy everybody. Remember the place, 224 St. Clair street, Frankfort, Ky., next door to McClure Bros's.

SO. HARRIS.

Owing to the frequent bursting of the water pipes we have not been able to get our water motor in operation, but taking advantage of the pressure put on the mains for a short time Thursday afternoon, we "let her go," and it performed beautifully. A number of gentlemen of experience in handling machinery were present, and all pronounced the power much better than steam, the motion of the wheel being very steady, regular, and almost noiseless. The plumbing work for the machine was executed by Mr. J. T. Buckley, and was as tight as a jug. His workmen, Messrs. Ed. and Harry Clasing, understand their business thoroughly, and we take pleasure in recommending these young men to anyone wishing a machine of the kind set up, or plumbing work of any kind executed.

EDUCATIONAL.

Doctors, lawyers, merchants and other enterprising men sit upon our School Board and act in a way which if it had been followed in their regular business, would have sent them all to the poor-house. The only question that they successfully grapple with is how to cut down the wages of teachers.

To save two hundred dollars in money they will sacrifice ability and worth.

Please give the schools some little of the tact you put into your own affairs.

The Franklin County Teachers' Association convened in Frankfort Public School Building Saturday, Oct. 10, 1885.

The meeting was one of unusual interest. Each one endeavoring to the interest to make the occasion profitable and to advance the educational interest in our county. From the speakers on the bright day there were efforts for schools in the greater and Commonwealth. Teachers and parents alike are awake to a full realization of the responsibility that rests on them.

The address of Prof. J. B. Lea on "Compulsory Education" was a masterly effort, reflecting great credit on the young gentleman. Long live Col. John L. Scott's address on the manner in which his private school is conducted was very ably presented, convincing all present of its fitness.

The thanks of the association, by a unanimous vote, were extended to Col. for his manifestation of interest in education.

Col. T. B. Ford was also present and rendered valuable aid in his usual eloquent style.

Messrs. J. B. Lea and C. H. Parrett, recent teachers of Bridgeport, invited the Association to hold its next meeting at that town, which was done on the first Saturday in November.

From present indications the Distilleries hereabout will shortly commence operations. They are all undergoing repairs and getting ready, the cooper shops are all running and it looks like business would speedily commence.

The distilleries are all being overhauled and undergoing repair, making ready for the season's run, and will soon begin operation. The cooper shops are busy, and this brand of industry will soon enliven the business of our city, and furnish employment for a number of hands. This is one of our chief arteries of trade, and its pulsations are felt throughout the whole body corporate.

Go to Chiles' drug store for pure cider vinegar.

The subject of good roads is one of prime importance to the county, and we are glad to note the interest which our County Court and citizens are giving to the subject. There is quite a boom in turnpikes, and several roads are under contract in the western and northern portions of the county, and are being pushed forward before bad weather sets in. Nothing enhances the value of property nor adds to the convenience of our citizens more than good roads. Let's have more of them.

A fine black silk velvet worth \$1.50 for \$1. at Sol. Harris'.

From the Courier-Journal, Louisville, Sept. 12, 1885.

The attendance last night was very large to witness the performance of Gonton's Original New Orleans Minstrels. The first part was very fine, the singing being new and the witty sayings and conundrums fresh, all of the old chestnuts having been eliminated, and as the second part the mimed scene Mr. George W. Franklin played a solo monologue accompanied by the Golden Band.

After the overture, "Carnival de Ethiopie," Messrs. Pearl, Stiles, Dillon, Graham and Lambson went through a fancy military drill, statue and combat clog dance, dressed in very neat and trim attire.

Dillon and Graham did a very fine Irish (white face) turn. This is an innovation in the burnt-cork profession. These two performers are good dialect artists, and work well in either color. The performance concluded with a very laughable afterpiece entitled "Barbershop." The same programme will be continued during the week.

At the Opera House Monday evening, November 2d.
